MICHAEL J. MAGUIRE.

CHIEF OF POLICE :

DANIEL O'CONNELL.

FIRE DEPARTMENT :

JOHN C. McDOUGALD, Chief Engineer.
JOHN H. WETHERBEE, } Assistant Engineers.
WILLIS G. ROBINSON, }

SELECTMEN'S REPORT.

FELLOW CITIZENS OF HYDE PARK:

The Board of Selectmen present for your consideration the following as their report for the year ending January 31, 1902:

FINANCE.

The funded debt of the town January 31, 1901, was as follows:

School Buildings bonds,	\$ 6,000.00
Sewerage bonds,	135,000.00
Public Library Building bonds,	21,000.00
	<hr/>
	\$162,000.00

In addition to the interest payments made during the year, \$9,000 of the above bonds have been paid.

In March last the town voted to issue \$60,000 in bonds for the new High School Building and in May \$17,000.00 for the new school in the East River street district, making the funded debt of the town January 31, 1902, as follows:

School House buildings,	\$ 4,000.00
Sewerage bonds,	130,000.00
Public Library,	19,000.00
High School,	60,000.00
East River Street School,	17,000.00
	<hr/>
	\$230,000.00

During the ensuing year \$13,000 of the above bonds mature which will have to be provided for in the tax levy.

By vote of the town an additional appropriation of \$3,000 was made for the Board of Health to be paid from the tax levy of 1902.

State Tax, 1900, \$5,130.00	1901, \$6,142.50
County " 1900, 8,397.32	1901, 7,498.50
Tax rate for 1901, \$17.80, same as in the previous year.	

METROPOLITAN ASSESSMENTS.

In 1901 the town paid in state assessments as follows :

South Metropolitan Sewerage,	\$ 6,838.17
Metropolitan Water,	1,992.40
Readville Grade Crossings,	10,962.63

\$19,793.20

The assessments in 1900 were \$18,742.90.

HIGHWAY DEPARTMENT.

The Selectmen re-appointed Clarence G. Norris, Superintendent of Streets, who has managed this department in an able manner. The town appropriated \$18,000, the same as in the previous year. This has been expended carefully, and in addition to the necessary general repairs, many improvements are of a permanent nature, more particularly specified in the Superintendent of Streets' report on another page.

NEW STREETS.

At a town meeting in May, it was voted, on recommendation of the Board of Selectmen, to accept as public ways two streets in the East River street district, and appropriations were made for the same as follows :

Monponset street,	\$500.00
Holmfield avenue,	372.82

The work has been completed within the appropriation.

BRIDGES.

Repairs necessary for the public safety were made on several bridges, about \$1,200 being expended. There being no special appropriation, the amount was paid from the highway account.

MILTON STREET WIDENING.

A decree of the County Commissioners ordered the widening of Milton street from Hyde Park avenue to the line of the Neponset River reservation near Pauls bridge. This has been done by arrangement with the Blue Hill Street Railway, who were given a location over the street. The entire expense of land damages and construction was borne by that company.

STREET WATERING.

The town appropriation for this work was \$4,500, as in the previous year. The same number of carts (six) have been in use and are in fair repair. There is a small balance unexpended.

STREET LIGHTS.

The town appropriated \$10,300 for street lights. At various town meetings the Selectmen were authorized to add two arc and four incandescent lights, making one hundred and thirty-seven arc and seventy-eight incandescent lights now furnished the town by the Hyde Park Electric Light Company. A few oil and gas lights are also in use.

FIRE DEPARTMENT.

The Selectmen appointed as engineers of the Fire Department, J. C. McDougald, John H. Wetherbee and Willis G. Robinson, being the same board who have served the town faithfully the previous year, and they have continued their good record for prompt and efficient service.

The list of fires and details of expenditures will be found on another page.

FIRE HYDRANT SERVICE.

No addition was made to the number of hydrants during the year, there being one hundred and eighty-three in

number, the same as in the last report. No direct appropriation was made for this service, the cost of which was, by vote of the town, taken from the amounts received for Corporation and National Bank Taxes.

POLICE DEPARTMENT.

Chief-of-Police Daniel O'Connell and the following patrolmen, Messrs. John M. Brown, J. A. Cullen, Fred C. Bigelow, Alexander Schwab, Elmer P. Runnells and Michael J. Maguire were reappointed by the Selectmen.

Messrs. Brown and Maguire resigned during the year and special officers Robert E. Grant and Andrew W. Henderson were promoted to regular patrolmen. The department is well managed and doing good work. The appropriation was \$9,600.00. On account of the smallpox cases special men were required, and to meet this extra expense \$1,000.00 was transferred from the incidental account to this department.

ACTIONS AT LAW.

The petitions brought in 1898 by George S. Lee, Trustee, George S. Lee, Administrator, Lola B. Page and the Real Estate and Building Company, as described in previous annual reports, for damages caused by re-locating and changing the grade of Hyde Park avenue, have been settled by the payment by the town of the taxable costs.

The petitions by Charles F. Allen, et al., trustees, for damages to premises at the corner of Fairmount avenue and Beacon street, and by Elizabeth S. Coleman for damages to premises between Beacon street and the Neponset River, both growing out of the sewer construction, described in previous annual reports, are still pending before Charles A. Williams, Esq., as auditor.

In the land damage cases brought by Washburn, Eustis, Hurter and Bursch, occasioned by the taking by the Sewer

Commissioners, under the Sewer Act, more fully described in the last annual report, the exceptions taken by the petitioners have not yet been allowed by the Justice of the Superior Court, before whom the cases were tried.

On the fifty-one petitions for land damages, more fully described in previous annual reports, fifteen have been disposed of since the last annual report; four are now pending.

Petition by William B. de las Casas, et al, Metropolitan Park Commissioners, dated March 27, 1900, for appointment of commissioners to determine payment by cities and towns under Acts of 1899, Chapter 419, more fully described in last annual report. The Supreme Judicial Court, on March 2, 1901, handed down a decision recommending the commissioners' report, and ordering that the grounds of their judgment be stated. The commissioners filed a supplemental report, and the case is now pending on objections to the same by the towns of Brookline and Milton.

Peter Rogers v. Hyde Park. The plaintiff claims damages in \$4,000 for personal injuries alleged to have been received by reason of an obstruction in the sidewalk in Water street. Writ dated April 24, 1901, returnable in the Superior Court for Norfolk County last June. This case is pending.

William K. Peabody, et al, v. Edward I. Humphrey, et al. Bill in equity brought in the Superior Court for Norfolk County last July, by William K. Peabody, Henry S. Holtham and George W. Chapman, against Edward I. Humphrey, Samuel T. Elliott, James F. Pring, Frank O. Draper and John G. Ray, a committee appointed at a town meeting to construct a schoolhouse in the East River street district, and Henry S. Bunton, Town Treasurer, and praying for an injunction against the defendants. Demurrer to the bill was filed by the defendants, and on December 26th bill was dismissed.

Johanna McAskill *v.* Hyde Park. Plaintiff claims damages in \$5,000 for personal injuries alleged to have been caused by stepping into a hole in the sidewalk in Fairmount avenue. Writ dated September 3rd last, returnable in October in the Superior Court for Norfolk County. Pending.

Catherine E. Stanford *v.* Hyde Park. Plaintiff claims damages in \$5,000 for personal injuries alleged to have been caused by tripping over a stake at the junction of River and Monponset streets. Writ dated October 28, 1901, returnable in the Superior Court, Norfolk County, in December. Pending.

Gorham E. Stanford *v.* Hyde Park. Action brought by the husband of Catherine E. Stanford, plaintiff in the case last above mentioned, claiming damages in the sum of \$3,000 for expense and loss of service by reason of said alleged injuries to his wife. Writ dated October 28, 1901, returnable in the Superior Court, Norfolk County, in December, 1901. Upon a demurrer to the maintenance of the action being filed by the town, the case was disposed of by an entry of "neither party."

Thomas Rooney *v.* Hyde Park and John Cavanagh & Company. Plaintiff claims damages in the sum of \$5,000 for personal injuries alleged to have been caused by falling into a hole in Damon street, near its intersection with the tracks of the New York, New Haven and Hartford R. R. Writ dated December 30, 1901, returnable in the Superior Court for Norfolk County, in February, 1902.

FRANK B. RICH,

Michael Murphy,	336	George H. Stickney,	261
		Richard J. Sullivan,	367

"Shall licenses be granted for the sale of intoxicating liquors in this town?" Yes 662; No 890.

The following were chosen, by *viva voce* vote, to the office set against their names:

Bartholomew B. Kivlin,	}	Fence Viewers.
Jeremiah Corbett,		
William K. Peabody,		
Bartholomew B. Kivlin,	}	Field Drivers.
Henry V. Harwood		
Daniel Harrington,		

Bartholomew B. Kivlin, Pound Keeper.

Adjourned at 11.57, P.M.

*Declared elected.

March 28, 1901, a town meeting was held in Waverly Hall, when the following articles were acted upon :

ART. 1. To choose a moderator to preside at said meeting.

Charles G. Chick, Esq., chosen.

ART. 2. To see if the town will accept the list of jurors as prepared by the Selectmen and posted according to law. The list was amended and accepted.

ART. 3. To hear the report of the Selectmen in regard to guide boards, and act thereon.

Report made and accepted.

ART. 4. To see what disposition the town will make of the money received from dog licenses in the year 1900. To the public library for purchase of books.

ART. 5. To see if the town will appropriate the money now in the hands of the Treasurer, received by him as sidewalk, street or Board of Health assessments or betterments, and all money which shall be received by him the current year on account of such assessments or betterments, for the purpose of constructing or repairing public ways. So appropriated.

ART. 6. To see if the town will appropriate the money to be received this year by the Town Treasurer, for or on account of Corporation and National Bank Taxes, for the payment of the fire hydrant service of the town.

So appropriated.

ART. 7. To see if the town will authorize its Collector of Taxes to use all means of collecting the taxes which a Town Treasurer, when appointed a collector, may use.

So authorized.

ART. 8. To see if the town will authorize its Treasurer, with the approval of the Selectmen, to borrow money to renew or replace any loan or loans.

So authorized.

ART. 9. To see what compensation the town will vote to pay for collecting its taxes and other assessments levied the current municipal year.

Same as last year, \$1,500.

ART. 10. To fix the salaries of the town officers for the current municipal year.

All salaries to be same as paid last year.

ART. 11. To determine what compensation shall be allowed the Clerk of the Board of Sewer Commissioners for the ensuing year.

Same as last year, (\$600.)

ART. 12. To see what compensation the town will vote to pay the Secretary of the Board of Assessors, and for extra clerical services for the Board, for the current municipal year.

Same as last year, (\$250.)

ART. 13. To fix the compensation of the engineers and the several members of the fire department for their services the current municipal year.

Chief Engineer, \$150; Assistant-Engineers, \$125 each; 4 "Permanent Men," (drivers) \$900 each; "Call men," \$75 each.

ART. 14. To see what discount the town will vote to allow on all taxes paid on or before October 1, 1901; and what interest the town will vote to charge on taxes for the current year when the same shall be overdue.

No discount allowed, interest at rate of five per cent. per annum on overdue taxes.

ART. 15. To see if the town will appropriate two hundred dollars to Post 121, Grand Army of the Republic, for the expense of decorating the graves of deceased soldiers.

So appropriated.

ART. 16. To see if the town will authorize its Selectmen to contract with the Hyde Park Electric Light Co.,

for the remainder of the term of our street lighting contract, for lights to be placed as follows: One arc light on Milton street (West); three incandescent lights on George street; and one incandescent light on Emmett street.

So authorized.

ART. 17. "To see if the town will appropriate \$700 to re-slate the roof of the Damon School."

\$700 appropriated therefor.

ART. 18. "To see what action the town will take relative to a new schoolhouse in the East River Street district."

Voted to build a new schoolhouse in the East River Street district and that Edward I. Humphrey, Charles G. Chick, Samuel T. Elliott, Frank O. Draper and John G. Ray be a committee to procure plans and estimates therefor, investigate as to a sight for the same, if possible procure options for sites, and report to the town at a meeting to be held on or before June 20th next.

ART. 19. To see what amount the town will vote to raise by taxation, to meet the expenses of the town the current year, the deficiencies of last year, and the notes and bonds of the town maturing the present year, and how the same shall be appropriated.

Voted to raise by taxation the current year the sum of \$157,785, and to appropriate the same as follows:

Schools,

Salaries and Fuel,	\$39,000	
Incidentals,	3,800	
Text Books and Supplies,	3,000	
Evening Schools,	900	
Industrial Schools,	400	
	<hr/>	\$47,100
Repairs on Damon School,		700
Bonds and Notes Maturing,		9,000
Interest,		10,000
Highways,		18,000

Street Watering,	\$ 4,500
Incidentals,	11,000
Police,	9,600
Fire Department,	11,300
Overseers of Poor,	8,000
Street Lights,	10,300
Public Library,	4,000
Salaries,	5,585
Board of Health,	6,500
G. A. R. Post,	200
Insurance,	2,000

\$157,785

ART. 20. "To see what action the town will take in regard to the erection of a new High School Building, and how the money therefor shall be raised."

Voted that the town erect a new High School Building upon the present High School lot, and appropriate the sum of sixty thousand (\$60,000) dollars to pay therefor.

Voted that the School Committee be authorized to erect a new High School Building upon the present High School lot in accordance with the preceding vote.

ART. 21. "To see if the town will issue any bonds, notes or scrip and fix the form, amounts, times of payment and rates of interest thereof and thereon for the purpose of erecting a new High School Building, as permitted under Chapter 221 of the Acts of the Legislature of Massachusetts of 1894."

Voted to issue bonds to the amount of \$60,000, payable \$3,000, each year for twenty years, at rate of interest not exceeding four per cent. the proceeds of said bonds to be "supplied so far as needed in the erection and furnishing of a High School Building."

ART. 22. "To see what disposition the town will make of the present High School Building."

Voted that the School Committee be authorized to sell, dispose of, move or use the present High School Building in whatever way they may vote.

ART. 23. To see if the town will vote to change the number of constables to be hereafter chosen at its annual meeting for the choice of town officers, from nine to five. Number so changed.

ART. 24. "To see what action the town will take relative to the investment as a permanent fund of the whole or some part of the money now in its possession or hereafter received by it as proceeds of the sales of the right of burial in Fairview Cemetery, the income of such fund to be used in the improvement and embellishment of said Cemetery."

Voted that the money now in the Town Treasury as the proceeds of the sale of rights of burial in Fairview Cemetery, and any money that may hereafter be in said Treasury as the proceeds of the sale of said right of burial be kept separate and apart from other funds in the Town Treasury, and that the town pay to said fund for the use thereof interest thereon at the rate of four per centum per annum.

ART. 25. To hear the reports of any outstanding committees, and act thereon.

Indefinitely postponed.

ART. 26. To see what action the town will take on the recommendations of the Auditors as set forth in the last "Town Report."

Voted that the Sewer Commissioners be requested to "refund" all sums, collected by them from parties whose premises have been connected with the sewer, charged by said commissioners "under the item of superintendence, etc."

ART. 27. To see what amount the town will authorize its Treasurer to borrow, in anticipation of the tax to be levied the current year.

Authorized to borrow \$125,000.

Adjourned at 9.18, P. M.

May 27, 1901, a town meeting was held in Waverly Hall when the following articles were acted upon :

ART. 1. To choose a moderator to preside at said meeting. Charles G. Chick, Esq., chosen.

ART. 2. To hear the report of the Selectmen laying out Monponset street, as a public town way, and to see if the town will accept and allow said laying out with the boundaries and admeasurements of said way as shown by report, plan and profile now on file in the Town Clerk's office.

Accepted, and \$500 appropriated to build said street ; to be taken from money in treasury received from town of Milton on account of Beacon-street drain.

ART. 3. To hear the report of Selectmen laying out Holmfield avenue, as a public town way, and to see if the town will accept and allow said laying out with the boundaries and admeasurements of said way as shown by report, plan and profile now on file in the Town Clerk's office.

Accepted. \$372.82 appropriated to build said avenue ; to be taken from money in treasury as set forth under ART. 2.

ART. 4. "To see if the town will appropriate such sum as may be received as premium upon the sale of the High School building bonds authorized March 28, last, for the use of the building committee in the erection and furnishing the new High School building."

So appropriated.

ART. 5. "To hear the report of the committee appointed by the Town on March 28, last, relative to the erection of a new school building in the East River street district and act thereon."

Report made and accepted.

ART 6. "To see what sum the town will appropriate for the purchase of land for a site and the erection of a new school building thereon in the East River street district, and how the same shall be raised."

\$17,000 appropriated therefor, to be raised by issue of bonds, (see next article). Moderator appointed Messrs. Edward I. Humphrey, Samuel T. Elliott, James F. Pring, Frank O. Draper and John G. Ray, a committee to spend said money for said purpose.

ART. 7. "To see if the town will issue any bonds, notes, or scrip and fix the form, amounts, times of payment and rate of interest thereon, for the purpose of purchasing a site and erecting a new school building thereon, in the East River street district, as permitted under Chap. 221 of the Acts of the Legislature of Massachusetts of 1894."

Voted to issue bonds to the amount of \$17,000, payable \$1,000 each year for seventeen years, at four per cent. interest, the proceeds thereof and any premium derived from sale of said bonds to be used for purpose set forth in this article.

ART. 8. "To see what action the Town will take to improve the sanitary condition of the Grew School building, appropriate the money therefor and say how the same shall be raised."

\$2,000 appropriated therefor, to be taken from money in the treasury received as fines from defendants in criminal cases; to be expended under direction of the School Committee.

Adjourned at 8.50, P. M.

JULY 31, 1901. A town meeting was held in Waverly Hall, when the following articles were acted upon:—

ART. 1. To choose a moderator to preside at said meeting.

Mr. Amos H. Brainard was chosen.

ART. 2. To see if the town will vote to change the name of "Blue Hill Court," so called.

Changed to Wolcott Court.

ART. 3. To see if the town will appoint a committee to consider the matter of additions to its by-laws.

Committee of five appointed by Moderator to consider and report at a future meeting.

ART. 4. To see if the town will discontinue that portion of the town way known as Damon street, which lies between the old line of the Boston & Providence Railroad location and a line drawn across said street at right angles to the northerly line thereof, from a stone bound in said northerly line at the southeast corner of land formerly of B. B. & R. Knight, and about 31.3 feet from the easterly line of Knight street, so called.

Discontinued.

Adjourned at 8.20, P. M.

NOVEMBER 5, 1901, the annual election of State, District and County Officers was held in Waverly Hall. No other business was transacted.

The polls were opened at 6 o'clock, A.M., and closed at sunset; 1,469 ballots were cast. The votes received for the various candidates were as follows:

For Governor

Michael T. Berry, Socialist Labor Party,	39
W. Murray Crane, Republican,	969
John B. Lewis, Jr., Prohibition,	20
Josiah Quincy, Democratic,	311
George H. Wrenn, Democratic Social,	89
Scattering and Blanks,	41

For Lieutenant-Governor

John L. Bates, Republican,	970
John W. Coughlin, Democratic,	283
Alfred E. Jones, Socialist Labor Party,	35
William H. Partridge, Prohibition,	20
Charles W. White, Democratic Social,	96
Scattering and Blanks,	65

For Secretary		
Frederick W. Clark, Prohibition,		33
Alonzo H. Dennett, Democratic Social,		108
Jeremiah O'Fihelly, Socialist Labor Party,		53
William M. Olin, Republican,		940

JANUARY 8, 1902. A town meeting was held in Waverly Hall, when the following articles were acted upon:—

ART. I. To choose a moderator to preside at said meeting.

Charles G. Chick, Esq., was chosen.

ART. 2. To hear the report of the committee on additional by-laws, and of any other outstanding committee, and act thereon.

The report of the committee on additional by-laws was read by Mr. Frank B. Rich. The report recommended certain by-laws, relating to public carriages and to the licensing of junk dealers, which were adopted by the town. No other committee reported.

ART. 3. To see if the town will appropriate the money now in the hands of its treasurer, received by him prior to November 1, 1901, under the provisions of Sections 5, 9 and 28 of Chapter 578 of the Acts of the year 1898, for the construction, repair and maintenance of its public ways, and the removal of snow therefrom.

So appropriated.

ART. 4. To make an additional appropriation for the police department.

\$1,000 appropriated, (from money in treasury received as fines in criminal cases).

ART. 5. " To see if the town will appropriate the sum of three hundred dollars for the evening schools, and to see how the same shall be raised. "

\$300 appropriated, (by transfer from incidental appropriation).

ART. 6. To see if the town will authorize its Selectmen to contract with the Hyde Park Electric Light Co. for the remainder of the term of our street lighting contract for one arc light to be placed on Hyde Park avenue, near Irving street.

So authorized.

ART. 7. To make an additional appropriation for the Board of Health.

\$4,600 appropriated, (\$1,600 from incidental appropriation and \$3,000 to be raised by taxation next year).

Adjourned at 8.24, P. M.

REPORT OF SUPERINTENDENT OF STREETS.

TO THE HONORABLE BOARD OF SELECTMEN :

Gentlemen—I herewith submit to you, my report as Superintendent of Streets for the year ending January 31, 1902.

There has been built of streets as follows: 6,540 lineal feet with crushed stone and 2,335 lineal feet with gravel, and there have been resurfaced with crushed stone 3,200 lineal feet, and 4,430 lineal feet with gravel.

There have been constructed 9,800 lineal feet of gravel or cinder sidewalks and 6,500 lineal feet resurfaced.

There have been used upon the streets and sidewalks 6,500 tons of crushed stone and 1,600 double and 2,000 single loads of gravel. Seventeen hundred tons of this stone came from the town plant and 4,800 tons from the Sallies Rock Tunnel. There are about 30 tons of stone dust on hand at the town plant. 8,400 lineal feet of gutter have been paved with cobble stone and 450 feet relaid. There have been set 550 feet of edgestone and 300 feet reset.

There have been laid or relaid 650 feet of drain pipe and 1 stone culvert built and 2 others rebuilt.

There have been put down 1,675 square yards of tar concrete in sidewalks, crossings and gutters, and 930 square yards resurfaced.

There have been built 3 catch basins and 1 rebuilt.

There have been expended \$1,278.26 in bridge repairs.

Monponset street and Holmfield avenue have been accepted during the year, and built. There have been paid out for carting, outside of street watering and snow accounts, \$1,240 for double carts and \$1,268 for single carts.

The town stable, with teamsters, feed, interest, blacksmithing, stable and equipment repairs charged against it and the actual use of carts at the cost of hired teams credited to it, has a balance in favor of the town of \$653.32.

Removal of snow and ice cost \$1,220.78.

In street watering there have been used the same number of watering carts but there has been added seven new water cranes.

Respectfully submitted,

CLARENCE G. NORRIS,
Superintendent of Streets.

REPORT OF INSPECTOR OF BUILDINGS.

Hyde Park, Mass., January 29, 1902.

TO THE HONORABLE BOARD OF SELECTMEN:

Gentlemen—I herewith submit my first annual report as Inspector of Buildings for the town of Hyde Park for the year ending January 31, 1902.

Whole number of permits issued from May 1, 1901, to Jan. 31, 1902,	48
Permits issued for new buildings,	34
Permits issued for repairs and alterations	14
Number of visits made to various buildings in process of erection and repair, including inspection of shops, factories, etc., from May 1, 1901, to January 31, 1902,	392
Number of notices sent to parties not com- plying with the law relating to buildings,	11

I have submitted my report to Rufus R. Wade, Chief, Massachusetts District Police.

Very truly yours,

GEORGE H. SNOW,
Inspector of Buildings.

REPORT OF CHIEF OF POLICE.

TO THE HONORABLE BOARD OF SELECTMEN :

Gentlemen—I have the honor herewith to submit my third annual report of the Police Department for the year ending January 31, 1902, with some recommendations and suggestions which I deem necessary for the successful welfare of this department.

Whole number of persons arrested,	259
Males,	238
Females,	21

CAUSES FOR ARREST.

Imprisonment imposed by court,	3 years, 6 months
Lost children found, and restored to parents,	13
Lights hung on obstructions,	45

Lost articles found and restored to owners,	14
Notified Water Co. of leaks in pipes,	9
Number of persons fined,	132
Street lights reported not burning,	1,180
Search warrants served for intoxicating liquors,	16
Stray horses taken care of,	11
Travellers lodged over night,	3,558

RECOMMENDATIONS.

The police force consists of seven men, five men assigned to all-night duty and two day men. There should be three more men at night, one to be on duty at the station, and I would so recommend. You will see the necessity of a larger police force the coming year, as two large plants are about to start up during the year, employing several thousand workmen. I would renew my recommendations of last year in relation to the criminal fines and patrol wagon. I would also recommend the adoption of a police signal system which is a necessity in a well-regulated police department. It keeps the officer in charge in touch with all officers when on duty, also allows each officer to report his duty once in so often at different places on his beat. The station wants to be thoroughly renovated and painted.

In conclusion I desire to thank the entire force for their co-operation and loyal service, and you, gentlemen of the board, for the uniform courtesy and support you have given me, also his honor the Judge and Clerk of the district court of Northern Norfolk for their help in many ways.

Respectfully submitted,

DANIEL O'CONNELL,

Chief of Police.

REPORT OF ENGINEERS OF THE FIRE DEPARTMENT.

TO THE HONORABLE BOARD OF SELECTMEN:

Gentlemen—The Board of Engineers herewith present their annual report for the year ending January 31, 1902.

The department has responded to 48 alarms during the past year, 30 bell, 18 still.

	Value	Loss	Insurance
Buildings,	\$449,300.00	\$9,870.00	\$394,900.00
Contents,	17,800.00	5,560.00	15,800.00
	\$467,100.00	\$15,430.00	\$410,700.00

We have changed the horses on the Hook and Ladder truck, and have now a first-class pair.

We have added two new boxes and have extended the fire-alarm system and enlarged and improved the battery; repaired and painted the Chemical Engine, have added the fittings to the Exercise Wagon, making a complete Hose Wagon.

We have painted and repaired Hose 3, and purchased one thousand feet of new hose.

The apparatus now consists of three hose wagons, one hose reel, one chemical engine, one hook and ladder truck, two five gallon hand chemical tanks, seven horses, five sets of double swinging harness, one single harness, five thousand feet of good hose, fourteen hundred feet of poor, one Eastman deluge set, one storage battery, thirty-eight fire alarm boxes, twenty-one miles of wire, ten single beds complete. Everything in good repair.

The department has had a very satisfactory year, everything being harmonious, the men answering all alarms promptly, doing their work willingly, and making the department a credit to the town.

And the Board of Engineers wish again to extend their thanks to the men for their faithful work for the past year.

We would recommend that the town purchase a thousand feet of hose.

The department now consists of the Chief Engineer, two assistants, five permanent men and thirty-eight call men, making a total of forty-eight.

DEPARTMENT OFFICERS AND MEN.

BOARD OF ENGINEERS.

J. C. McDOUGALD, Chief,
 J. H. WETHERBEE, Clerk,
 W. G. ROBINSON.

Respectfully submitted,

HENRY B. TERRY, *Town Clerk.*

REPORT OF TREE WARDEN.

TO THE HONORABLE BOARD OF SELECTMEN :

Gentlemen—I herewith submit the report of the Tree Warden for the year ending January 31st, 1902.

On application public hearings were held for the removal of trees on East River street near Blake street, East River street near the Butler School and on Hyde Park avenue near Arlington street; and after hearing all parties interested, leave was given to withdraw.

I have trimmed and also removed limbs, that were considered dangerous to the public, to trees on Summer street, Gordon avenue, Milton street and Readville street and other streets in the town.

I find on examination that there are a great many trees in various parts of the town that require trimming, and some should be removed where they are too close together to ever become well-developed specimens.

Respectfully submitted,

GEORGE B. ANDERSON,

Tree Warden.

EIGHTH ANNUAL REPORT OF THE BOARD OF PARK COMMISSIONERS.

On May 24th, we concurred in the taking of the end of Osceola street in the eastern part of the town, and on July 23d in a taking of 3,175 square feet of land on Mason street in the Readville district from Isaac F. Tower.

We have also approved of abandonments by the Metropolitan Park Commissioners of certain lands near Osceola street (see plans of Metropolitan Park Commission 344 and 345); also of one abandonment and two sales of land in the Readville district (see plans 349, 351 and 356). The sales were of land to be used for business purposes, and the Sturtevant Blower Company is now erecting buildings thereon.

We voted not to concur in the proposed abandonments by the Metropolitan Park Commission of two small strips of land, one of twenty-two square feet and the other of eighty square feet, near Fairmount Bridge, for the reason that a part of the land appears to be within the limits of the river. It appears to us that no one ought to be allowed to acquire any rights within the limits of the channel. We hope the Commission will more than keep the bed of this river. We urge that it will at least endeavor to eliminate the sources of pollution, and give humanity rather than germs a chance.

We voted to endorse the position of the Park Commission of Boston in their attempt to secure such legislation as will give the Boards of Park Commissioners power to

regulate the display of signs, posters and advertisements on or near public parks, park ways and boulevards in their charge.

In our last report we called attention to the appeal of the town of Brookline from the decision made by the Commissioners appointed to apportion among the cities and towns of the Metropolitan district the cost of the metropolitan parks and boulevards, and ventured to suggest that valuation and population will be the chief elements upon which the cost will necessarily be apportioned.

The Supreme Judicial Court sustained the appeal of the town of Brookline, but in the opinion written by our eminent Chief Justice appears this sentence: "It follows from what we have said that we should be slow to disturb an award except in the unlikely event of its appearing extravagant and unreasonable."

The Commissioners were required to give the reasons for their findings, but the court does not appear to be very anxious to revise them.

WILBUR H. POWERS, Chairman,
LAWSON B. BIDWELL, Secretary,
JOHN J. ENNEKING,

Park Commissioners of Hyde Park.

REPORT OF CEMETERY COMMISSIONERS.

During the past year lots have been graded and prepared for use in various parts of the cemetery.

From the financial statement, made a part of this report, it appears that there is now in the hands of the Town Treasurer \$8,630.89, an increase of \$1,413.44 from the previous year.

The Commissioners now receive from the town interest upon the cemetery funds in the hands of the Treasurer. Such interest for the past year has amounted to \$288.69.

The Commissioners propose early in the coming year to erect upon Fairview drive and Aspen avenue, at and near their junction, a retaining wall, which will much beautify this part of the cemetery, and facilitate the use of lots adjacent to said drive and avenue.

The receipts and expenditures for the financial year ending January 31, 1902, are as follows :

RECEIPTS.

From sale of lots,	\$1,850 00
From sale of single graves,	245 00
Interment and receiving tomb charges,	542 00
For foundations,	191 89
For wood,	8 00
For labor,	8 00
For grass,	2 00

For stones,	\$ 5 00
For interest on fund,	288 69
	<hr/>
Total,	\$3,140 58
Balance on hand January 31, 1901,	7,217 45
	<hr/>
	\$10,358 03

EXPENSES.

Labor, etc.,	\$1,727 14
	<hr/>
Balance on hand,	\$8,630 89

Details of expenses are given elsewhere in the Town Report.

NELLIE A. STONE,

GERTRUDE L. ADAMS.

REPORT OF THE TRUSTEES OF THE PUBLIC LIBRARY.

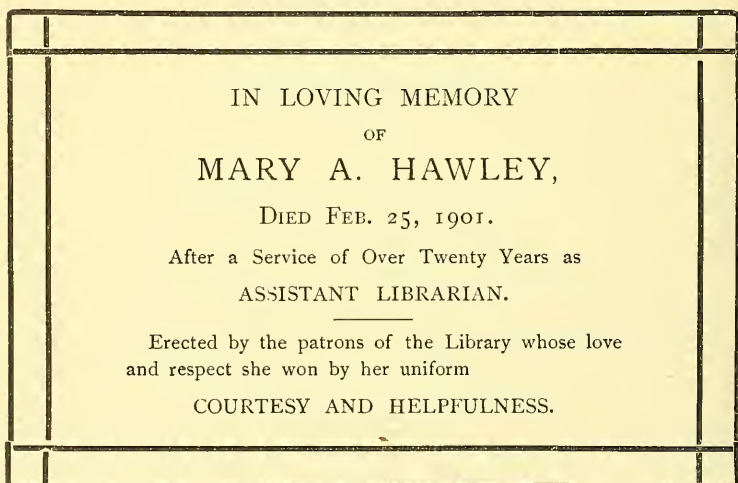

Very early in the year the library met with a great loss in the death of Miss Mary A. Hawley who for many years had had charge of the delivery of books and thus came in daily contact with the public. During this time she had won in a marked degree the love and respect of all, both old and young, who came to know her genial, kindly nature as she exhibited it in her official relations.

But while the first thing that impressed those who met her was her unvarying courtesy and good-will, they were soon equally impressed by her intimate knowledge of the books in the library, and her ability to recommend to different readers such books as were suited to their varying needs and tastes. Thus she proved herself of the greatest value to those who needed advice as to what they should select to instruct or entertain them, and also to those who wished information on some particular topic but did not know where to find it.

The general grief at her loss found expression in a spontaneous movement among the citizens to procure some memorial which might perpetuate her memory and express the appreciation of her services. A gratifying feature of the subscriptions which followed was the universality of the response. The committee felt that a great number of small sums would be a far greater tribute to her memory than a few large ones. The result equalled their most sanguine expectations, the children who had experienced

her kindness vying with their elders in their expression of gratitude.

With the proceeds of this subscription, there was placed in the Delivery Room a bronze tablet with the following inscription :

The amount remaining was expended for reference books for the reading room, each of which contains an inscription similar to that on the tablet.

To fill the vacancy Miss Nellie A. Stone, who had already served for some time as assistant in the library at Windsor, Vt., was elected, and her efficiency has shown the wisdom of her selection.

The trustees have been confronted with one difficulty which is common to all libraries, the inability to furnish copies of the latest works of fiction to all applicants at the same time. There are in the town some thousands of people who very naturally wish to read at once the books whose titles and praises fill the papers, the bill boards and

even the electrics, especially if they have previously been delighted by some other work by the same author. Very many of these justly feel that their turn is a long time in coming, and possibly some unjustly think that some favoritism has been exercised. It would manifestly be unwise to purchase a very large number of such short-lived favorites which after a year or two would remain on the shelves uncalled for.

It has, however, been decided to buy additional copies of books for which there is an exceptional demand, and in this way the difficulty will be diminished, although it cannot be entirely removed.

In this connection it is pleasant to be able to report that the percentage of fiction read, which decreased last year, shows a still further decrease this year.

The exhibitions of pictures in the Juvenile Room, to which attention was called in our last report, have been continued with increasing interest.

In order to give all the citizens an opportunity to become familiar with names of the new books in the library without the necessity of consulting the card catalogue, a classified list of all the books added during the year was published in the last annual Town Report, a copy of which is placed in every family in the town. A similar list will be found in the report of the present year. In addition to this there have been issued bi-monthly lists which may be had at any time on application at the library.

These lists are carefully classified, and if the arrangement does not always appear to the reader to be that which he would himself have adopted, it may disarm criticism to say that the system of classification adopted is that used in nearly all the modern libraries of the country.

The circulation which was 54,073 last year, has increased to 58,149.

A large picture of Isaac and Rebecca in a massive gilt frame was presented to the Library by the granddaughter of the late Mehitabel Sunderland, who died in 1901, after a residence of over forty years in Hyde Park. This Scriptural scene was done in worsted by Mrs. Sunderland herself, in her early life. In its color and shading it is a remarkable example of industry and skilled needlework.

For the Trustees,

HENRY B. MINER,
Chairman.

LIBRARIAN'S REPORT.

TO THE TRUSTEES OF HYDE PARK PUBLIC LIBRARY:

I herewith present the report of the library for the year ending December 31, 1901.

The library has been open 303 days.

CIRCULATION.

Total circulation,	58,149
Magazines issued,	2,530
Largest daily delivery, February 23,	484
Smallest daily delivery, July 11,	59
Average daily delivery,	191

CLASS PER CENT. OF CIRCULATION.

Fiction, 80.5; biography, 2.2; travels, 2.1; history, 3.0; miscellaneous, 12.2.

ACCESSIONS.

Added by purchase,	823
Added by gift,	44
Added by periodicals bound,	41
	<hr/>
Total,	908
Books rebound,	553

The periodicals for use in the reading room have been increased. The list now includes:

DAILIES.

Boston Evening Transcript.
Boston Morning Journal.
New York Tribune (tri-weekly).

WEEKLIES.

American Machinist.	Outlook.
Carpentry and Building.	Public Opinion.
Harper's Weekly.	Sacred Heart Review.
Illustrated London News,	Scientific American.
Littell's Living Age.	Scientific American Supplement.
	Woman's Journal.

MONTHLIES.

American Kitchen Magazine.	*Lippincott's Magazine.
*Arena.	*McClure's Magazine.
Art Amateur.	*Munsey.
Art Interchange.	Music.
*Atlantic Monthly.	Musician.
Book-buyer.	*New England Magazine.
Bookman.	Nineteenth Century.
Boston Cooking School Magazine.	*North American Review,
(Bi-monthly).	Outing.
*Century.	Photo-miniature.
Chautauquan.	Popular Science Monthly.
Christian Science Journal.	Practical Psychology.
*Cosmopolitan.	*Review of Reviews.
Critic.	Scientific American, Building ed.
Engineering Magazine.	*Scribner's Magazine.
Fortnightly Review.	Strand.
*Forum.	Studio.
Harper's Bazar.	Success.
*Harper's Magazine.	Tales and Talks.
Ladies' Home Journal.	World's Work.

YOUNG PEOPLE'S ROOM.

Birds and Nature.	Our Dumb Animals.
Great Round World.	Saint Nicholas.
	Youth's Companion.

In addition to these are the magazines which have been in the adult reading-room one month.

Duplicate copies of the starred magazines may be taken out for three days upon application at the delivery desk. Back numbers of all magazines may be taken in home use.

An increasing number of readers are availing themselves of the privilege of taking two books at a time, or a book and a magazine.

Beginning with October, a bi-monthly bulletin of the new accessions to the library has been issued. This bulletin will also contain special lists of good books or a subject reading list as space permits.

A small card case containing the list of new books and an index to the leading articles in the current magazines has been placed upon the table in the delivery room.

A collection of books, new and old, bearing upon the Sunday-school lessons for the year 1902, has been placed in the reading-room for the use of teachers and Bible students. The most notable of this collection is Hastings' dictionary of the Bible.

Respectfully submitted,

ELIZABETH AINSWORTH,

Librarian.

PUBLIC LIBRARY FUND.

TREASURER'S STATEMENT.

Balance from old account,	\$515.38
Interest on Savings Banks deposit,	21.21

Weld.—W. G. Colesworthy,

Vacation Industrial.—A. Washburn, Mrs. E. F. Boyd.

Evening.—F. F. Courtney, E. S. Fellows.

SCHOOL CALENDAR, 1901-1902.

FIRST TERM.

Begins Monday, Sept. 9th; ends Friday, Dec. 20th.—15 weeks.

SECOND TERM.

Begins Monday, Jan. 6th; ends Friday, April 4th.—13 weeks.

THIRD TERM.

Begins Monday, April 14th; ends Friday, June 27th.—11 weeks.

CHRISTMAS VACATION.

Begins Monday, Dec. 24th; ends Friday, Jan. 3rd.—2 weeks.

SPRING VACATION.

Begins Monday, April 7th; ends Friday, April 11th.—1 week.

HOLIDAYS.

September 9th and 10th, November 28th and 29th, February 22nd,
March 28th, April 19th and May 30th.

SCHOOL COMMITTEE'S REPORT.

CITIZENS OF HYDE PARK:—

The condition of our schools is excellent, and we have no occasion to indulge in reviews of what has been accomplished, nor to forecast possibilities of improvement. It is satisfactory to record the fact that we believe real progress is continually being made. A fuller measure of public interest has been manifest during the past year than heretofore, and it seems fair to presume that the future will witness a still greater concern on the part of our citizens in fostering the educational interests of the town. The generous action of the town in making appropriation for a new high school building and for a grammar school building in the East River Street District is highly appreciated, and we believe that no regret will ever be experienced for having taken such action.

We had hoped in our annual statement to have been able to report greater progress in the construction of the buildings, but unforeseen obstacles have been presented which have been difficult to fully overcome. The foundation of the High School building has proved to be a veritable quarry and while this furnishes an imperishable foundation, the preparation of it to receive the building occasioned unexpected delay. It seems now very probable that the building will be ready for occupancy at the commencement of the next school year. The East River Street District building is going forward and no doubt would have been further advanced at this time but for a delay caused by a few of our citizens interposing legal objection. The fact

of this legal objection not being sufficient to permanently retard, nevertheless, could not prevent its delaying for a time the commencement of operations.

It is always commendable to safeguard the town's welfare, and it is a matter of congratulation that someone is always ready to see that no harm comes to the public interest.

The Committee wishes to acknowledge its obligation to the parents and friends of pupils in the High and Grew Schools for their forbearance and co-operation in helping to make it possible to carry on the two schools in one building. Change of school hours and change of place must have been attended with considerable inconvenience.

The appropriation of \$2,000 for sanitary changes and connection with the sewer at the Grew School proved insufficient, and \$500 additional was used, taking it from the incidental fund, the transfer making a shortage in the latter fund. An additional appropriation of \$300 was made late in the year by the town to cover the needs of the Evening School.

We invite a careful scrutiny of the reports submitted with this our brief summary, for we believe in them will be found sufficient detailed statement to inform our citizens on all vital points bearing on the successful carrying forward of our school work.

E. I. HUMPHREY, Chairman.

For the Committee.

SUPERINTENDENT'S REPORT.

TO THE SCHOOL COMMITTEE OF THE TOWN OF HYDE PARK :

My fourth annual report as Superintendent of the Hyde Park public schools is herewith respectfully submitted.

Following is a summary of statistics for the school year last completed, ending June 30, 1901 :

GENERAL STATEMENT.

SCHOOLHOUSES.

No. 1.	High school,	nine rooms, (old building)	Everett street
" 2.	Damon school,	eight rooms, (four occupied)	Readville street
" 3.	Hemenway school,	one room,	Wolcott street
" 4.	Grew school,	eleven rooms, (nine occupied)	Gordon avenue
" 5.	Greenwood school,	nine rooms,	Metropolitan avenue
" 6.	Amos Webster school,	four rooms,	Hilton street
" 7.	Butler school,	one room,	East River street
" 8.	Fairmount school,	nine rooms, (eight occupied)	Williams avenue
" 9.	Weld school,	two rooms, (one occupied)	Highland street
Number of schoolrooms occupied,			46
Number of school buildings,			9
Number containing high school department,			1
Number containing eighth (highest grammar) grade,			4
Number containing primary grades only,			4

TEACHERS.

Supervisors of special subjects,		2
Number of teachers regularly employed,		55
Men teaching in day schools,		6
Women teaching in day schools,		40
Men teaching in evening schools,		4

Boston. The number is likely to be increased somewhat this year by the necessary exclusion from the public schools of pupils not protected from smallpox.

HEALTH.

In the report of the State Board of Health for 1898, under Health of Towns, Hyde Park, is the following: "Although many years have passed since a case of smallpox has been reported in the town, still it is liable to occur at any time. . . . The vaccination of all children who attend the public. . . . schools should be insisted upon as the Public Statutes provide."

Since November 15, 1901, there have been ten cases of smallpox in the town. The School Committee, at the request of the Hyde Park Board of Health, have excluded all unvaccinated pupils from the schools since the beginning of the winter term, when the following circular was sent to each teacher:

JANUARY 6, 1902.

TO TEACHERS:

By vote of the School Committee, no pupil is to be allowed to enter or to remain in any school until further notice who has not placed on file with the teacher a certificate of vaccination of one of the two forms now approved by the Board of Health, signed by a regular practicing physician. A certificate having the same essential form is to be accepted, although not on the regular printed blank.

The "white" certificate is not to be regarded as an effective certificate beyond twelve days from date unless the second part is signed and dated.

You are directed by the School Committee to enforce the above without exception.

In case of doubt as to the force of a certificate in your possession, please ask for a decision before excluding the pupil.

Please keep certificates on file in the order of the names in your register for the current term.

Respectfully,

FRANK O. DRAPER,

Superintendent.

There has been on the part of most parents of pupils who had not been vaccinated within five years a readiness to have their children duly protected which has been as gratifying to this department as it must have been to the Board of Health. While there has been some objection, there has been a very general appreciation of the necessity and beneficence of the work of the Board of Health during the past two months.

SIGHT AND HEARING TESTS.

The tests of sight and hearing, conducted under the direction of Dr. David A. Wells of Boston, are nearly completed. These tests have been made in all grades and are sufficiently thorough to detect such defects of eye and ear as seriously impair sight and hearing. Some cases of eye strain cannot be detected by a test of sight alone, but their presence is sometimes indicated by painful sight or by headache, and these symptoms are noted by the teacher.

Hyde Park was one of the first towns, if not the first, to adopt this valuable form of child study some years ago. The present tests have been of great use to the teachers and have resulted in special arrangements for the comfort and convenience of children who have less than normal vision or hearing. When the tests are completed parents will be notified of such defects as are found, and it is

hoped that the services of specialists will in most cases be sought under the advice of the family physician. The results will be published in the next annual report.

VOCAL MUSIC.

The year's work in music, notably in the High School, leaves little to be desired. The faithful work of supervisor and teachers has produced results of unusual excellence, and merits the highest praise and appreciation. The supervisor's report follows :

REPORT OF SUPERVISOR OF MUSIC.

MR. FRANK O. DRAPER, Supt. of Public Schools.

DEAR SIR— I take pleasure in reporting the condition of the music in the public schools. During the past year the education in music has progressed favorably. All the teachers have given their best efforts, and splendid results are manifest.

The work of the High School is excellent. At our last graduation exercises, the cantata, "The Holy City," was rendered successfully, and I wish to acknowledge the generosity of the High School Battalion, who contributed the financial aid necessary to procure a soprano soloist.

For the unanimous support of the School Committee, Principals and the Superintendent, I am sincerely grateful.

B. HAROLD HAMBLIN,

Supervisor.

DRAWING.

The resignation of Miss Anna M. Kimball as supervisor of drawing was greatly regretted by all connected with the schools. Her faithful and sympathetic work had placed her special subject in excellent working condition. The

new supervisor, Miss Alice T. Boardman, has already amply proven her fitness for the position, and is securing excellent results. Following is her report for the fall term.

REPORT OF THE SUPERVISOR OF DRAWING.

MR. FRANK O. DRAPER, Supt. of Schools.

DEAR SIR—It was with pleasure that I noted the interest of the Hyde Park teachers and scholars in drawing. I find them attentive listeners and careful workers.

During the fall term I held twelve teachers' meetings and the work planned has, in most cases, been faithfully carried out. Brush work is comparatively a new feature and much of the work in design, while it will take time to perfect the former, in the latter there have been some surprising results.

By remaining after school hours, I have come in closer touch with the teachers and have been able to help them in the work to be accomplished before my next visit.

The one-session classes at the Grew School are hampered for time and the drawing is suffering there, while the periods at the High School are too short to accomplish much.

One afternoon a week there is a volunteer sketch class at the High School. Much improvement has been made in this short time. The interest of the scholars to work out of school hours is encouraging, and good results can be looked forward to when the studio in the new building is completed.

Respectfully submitted,

ALICE T. BOARDMAN,

Supervisor of Drawing.

January 28, 1902.

HIGH SCHOOL.

Your attention is called to the following report of the principal of the High School. In its cramped quarters in the Grew School building the work has gone on without interruption and the high standard of last year has been maintained fully. I know of no better high school than our own, limited as it is in its present accommodations and equipment. I am glad that the public generally as well as the parents of its students appreciate the work that is being done and the excellent spirit of all concerned in the face of difficulties. Principal, teachers, and students deserve and should be accorded the heartiest approbation.

HIGH SCHOOL PRINCIPAL'S REPORT.

MR. FRANK O. DRAPER, Supt. of Schools.

DEAR SIR—In accordance with your request, I submit herewith my third annual report of the High School, for the year 1901 :

The enrollment on December 20, was 290. The membership was 271. The membership by classes was as follows :

I year (entering class),	108
II year,	64
III ₂ year,	55
IV year,	40
Postgraduates,	4
Total,	<u>271</u>

When the elective blanks were received in June, there were indications that the enrollment for this year would exceed 300; but changes in the course, non-promotion and other natural causes necessarily affected the total. In regularity of attendance the school, with unusual hours, has more than held its own. While the actual per cent. of

attendance is smaller, it is not due to the conditions under which we are working, but to outside causes, which can be easily traced. Permit me to emphasize once more the amount of school time lost by the pupils because of absence, much of which is for insufficient reasons. In September there were 17 school days, 150 absences; in October, 19 school days, 154 absences; in November, 18 school days, 188 absences; in December, 14 school days, and 194 absences. The figures speak for themselves. No comment is necessary.

After it had been decided to remove the High School building before the close of school in June, it became necessary to plan for new quarters. It was found that by using the unoccupied rooms, and the hall of the Grew School building, the whole school could be accommodated, and disturb only three of the occupied rooms. This was done, and the rooms were rendered tenable with the putting in of electric lights in the hall, and the transfer of desks, seats and bookcases from the High School building. School closed in the old building at noon, Thursday, May 17. Monday morning, May 20, at 8 o'clock, we began work in the Grew School building with the loss in school time of only one and one-third days.

The occupation of temporary quarters for a few weeks in the spring was of great practical advantage, as it showed exactly what preparations would be necessary to accommodate a larger number of pupils. Chemistry and the commercial studies were discontinued for one year. There was a corresponding increase in the number taking English and the modern languages, thus necessitating the same number of teachers. Miss Sarah N. Whitman, of Dorchester, was elected a teacher of English and modern languages, and Miss Alice M. Twigg, of Medford, was

chosen to succeed Miss Linscott. Owing to the lack of accommodations on the school grounds for the drill, the banquet room under Waverly Hall, was secured for one afternoon (Monday) a week, and Mr. Edwin R. Palmer, of this place, was elected Military Instructor to succeed A. W. Lowe.

The work in drawing is increasing with each year, and consequently demands more of the time of the supervisor. There has been quite a demand from those in the three upper classes for this work, but as it is scheduled only for the first two years permission has not been granted, except where it could be done without interfering with their own programme, or with that of the regular class. At present there are three large classes in freehand drawing, and a volunteer Wednesday afternoon sketching class. Most of these pupils will not care to carry their work farther as the second year is mechanical drawing. This seems unfortunate, and yet it cannot be remedied without having a teacher of drawing especially for the High School.

A very small number of the citizens have visited us during the year, and by inquiries which have been made from time to time, evidently, many do not understand the conditions under which pupils and teachers are doing their work. While those in control have done every thing that seems possible to render our temporary quarters convenient and comfortable, nevertheless, the fact remains that ventilation and light are poor. The lack of these, necessarily reacts upon pupil and teacher alike. Then again, the teachers have larger classes and more recitations per week than should fall to any teacher in secondary school work. One teacher has over forty in one of her classes; another twenty-nine out of a possible thirty recitations per week. All of this is unavoidable at present, but if the standard

of work is to be maintained while the school is constantly increasing in numbers, some further steps will be necessary before the beginning of another year.

An effort is being made on the part of certain classes and local organizations to supplement the vote of the town for a new high school building, by contributing to its adornment. The class of 1901 at its graduation presented a statuette of Minerva. The Battalion officers of the same year placed \$100 in the hands of a committee to assist in this object, and the Current Events Club generously donated the proceeds (\$125) of the play given in the spring of 1901 to the same purpose. Other classes are contemplating like action much to the satisfaction of those deeply interested in the school. Each little given contributes an added interest in the school to the giver, and thus assists in building up an interested and enthusiastic support.

Thanking you, Sir, and the Committee for their united support during the year, I remain,

Respectfully yours,

M. S. GETCHELL.

EVENING SCHOOL PRINCIPAL'S REPORT.

MR. F. O. DRAPER, Supt. of Schools.

DEAR SIR —The term of the Evening School began November 4, 1901, with English and business departments in Grew School building, draughting department in Everett School Building.

Enrollment :

English Department, men 122, women, 16,	138
Business " " 40, " 40,	80

218

Average age, 19 years.

Average attendance in English Department,	48
“ “ “ Business “	30
“ “ all “	78
Largest “ any one evening,	147
Least “ “ “ “	31

There is much interest taken by pupils until the December vacation of two weeks, after which the school loses many pupils. No doubt a recess of one evening at Christmas, in place of the long vacation would do much to keep the interest up.

There have been three classes in the draughting department. The first section is composed of the beginners. They were first given a series of plates of geometrical problems which not only serve to furnish practice in the use of the instruments, but also are very useful in themselves. As soon as they acquired a reasonable amount of accuracy they were given elementary problems in projection, the theory of projection being carefully explained to each student. After each one had a fair idea of projection he was given small and simple machine details to draw, such as bolts, nuts, handwheels and simple castings. Some special work has also been given to those especially desiring it, a pattern drawing for sheet metal work and elementary architectural drawing.

The second section is composed of those men who have had some considerable amount of drawing. These students were shown how to first make a sketch of machine details and castings of a more complicated character than those given the first section. Then they made a complete working drawing to scale of each piece, including all necessary dimensions and section drawings where necessary. I procured a small lathe from the American Tool Co., which has furnished the pieces for machine drawing. I

think that the practice in making drawings from the actual machine itself has been of greatest practical value. This section has also had several cam problems illustrating how to lay out a cam to give a definite motion and the nature and use of harmonic, gravity and uniform motions. One cylindrical cam was also laid out.

The third section has worked almost entirely on gear drawing. This including the rolling of the involute and cycloidal teeth, several sets of spur gears and racks and one drawing of bevel gears.

Registered between November 4, 1901, and January 31, 1902, 35.

Average active attendance, 28.

Average daily attendance, 18.

Respectfully,

C. P. FELLOWS,

Principal.

SEWING SCHOOL REPORT.

TO THE COMMITTEE ON INDUSTRIAL SCHOOLS.

The sewing school for the summer of 1901 was opened on Tuesday, July 9, with a good attendance.

The pupils were divided into three classes : those who have never sewed, those who had done a limited amount and those who were more experienced.

The youngest class was given canvas and worsted work on which all the plain stitches were given, also Miss Johnson's printed cloth samplers were used. The intermediate class was taught the run and back-stitching, stitching felled seams, French seam, gathering and two ways of putting on a band.

The first class, which consisted of pupils from eleven to fourteen years of age, was taught the over-handing patch,

which included the matching of stripes, gathering, two ways of putting on a band, tucking, turning of a wide hem and the making of buttonholes.

A small garment was cut and completed.

The unbleached cotton cloth and colored thread having proven so satisfactory were employed again this year; the child's interest is much more easily kept up by their use.

GRACE M. BROWN,
Sewing Teacher.

CARPENTRY SCHOOL REPORT.

TO THE COMMITTEE ON INDUSTRIAL SCHOOL.

The vacation school in carpentry, for the summer of 1901, was opened Tuesday, July 9th, with a large attendance, and was closed Friday, August 23d.

Seventy-two boys applied to take lessons in this branch of manual training, making four classes, two of which met on Tuesday and Thursday, and two on Wednesday and Friday of each week.

The average daily attendance was twenty-nine, and the average age, twelve years.

Respectfully submitted,

GEORGE E. WEBB

October 7th, 1901.

TRUANT OFFICER'S REPORT.

MR. FRANK O. DRAPER, Superintendent of Schools.

Please find below an account of my services as Truant Officer for the year ending December 31, 1901.

Total number of cases investigated,	196
“ “ truants,	34
“ “ prosecuted,	2
“ “ placed on probation,	2

Total number absent with parent's permission,	42
“ “ “ on account of sickness,	61
“ “ “ “ “ lack of clothing,	19
“ “ “ “ “ removal from town,	8
“ “ “ “ “ attending private schools,	9
“ “ “ “ “ over school age,	10
“ “ other causes	9

Respectfully submitted,

HENRY V. HARWOOD,

Truant Officer.

ELEMENTARY COURSE OF STUDY.

Early in the new year, an outline of the course of study in the elementary schools will be printed and will be available for all interested. This outline is concise, and wherever possible consists only of references to portions of text books in use. In reading, the only change during the year has been the purchase and use of an additional set of reading books. In most rooms there is need of more reading matter than is at present supplied. In arithmetic, the course has been materially strengthened by the recent adoption of a modern series of books with well-graded examples. The new language series has been placed in the sixth grade and is in every respect an improvement upon the former course in this subject. In history, an elementary text-book has been adopted for use in the sixth grade, thus relieving the pressure upon the higher classes. In penmanship, permission has been obtained from the Committee to have prepared for use in our schools a series of copy slips employing the forms and executed with the movement of commercial writing.

Through the generosity of Mr. James F. Mooar, Superintendent of the Bryant & Stratton Business College of Boston, the teachers are receiving a most valuable course

of lessons in penmanship, including methods of teaching, which will give them unusual advantages in this difficult branch of instruction. These lessons are without expense to the teachers or to the town. I believe thoroughly that the change to business forms is a wise step, and that the results will amply justify it. The object of lessons in penmanship, as in all school subjects based upon manual training, is not the immediate output, not the quality of the thing produced in school. The true aim, the only end worth while, is increased ability to perform the tasks of adult life.

Respectfully submitted,

FRANK O. DRAPER,

Superintendent.

APPENDIX.

GRADUATING EXERCISES THE HIGH SCHOOL

Hyde Park, = = Massachusetts

TUESDAY, JUNE 25, 1901

WAVERLY OPERA HOUSE

ORDER OF EXERCISES.

- 1 MARCH, "Cuban Independence", *Ellis*
GREW SCHOOL ORCHESTRA.
- 2 INVOCATION,
REV. WILLIAM H. SAVAGE.
- 3 The Holy City,—Part I. *Gaul*
- 4 ADDRESS TO GRADUATES,
EDWARD EVERETT HALE, D. D.
- 5 The Holy City,—Part 2. *Gaul*
- 6 PRESENTATION OF DIPLOMAS,
EDWARD I. HUMPHREY.
Chairman of School Board.
- 7 CLASS ODE,
 { *Words by Alison M. Scott* .
 { *Music by Luther O. Emerson, 2nd*
- 1 Farewell to our Alma Mater,
 O classmates fond and dear
 For now we're parted asunder,
 To meet fortune's joys and fears,
 Many duties lying yonder
 Await us as we onward go.
 May we e'er with deeds unblemished
 Conquer, though we stand alone!
- 2 Let honor be our watchword,
 'Though for glory we may strive;
 For honor, ever noble,
 Does not perish with our lives.
 With duty as our comrade,
 And victory as our goal,
 By our guiding hand directed
 May we to wider worlds unfold!

- 3 Ever mindful 'mid rejoicings
That each life its sorrows has,
Let us meet defeat with courage,
Bear alone the share we have.
Ever upward! ever onward!
Through this life's tempestuous sea,
Let us cast away far from us
Meanness, cowardice and greed.
4. With sorrow now at parting,
Yet with joy exceeding glad,
Severed from our happy school days,
Go we forth by fortune's hand.
Heart to heart we're bound together,
Steadfast by life's human ties,
For we've ushered in together,
This new century of time.
- 8 TWO STEP, "Mosquito Parade", *Whitney*

GREW SCHOOL ORCHESTRA.

THE HOLY CITY.

The treatment of the subject of this work is almost entirely reflective, the more dramatic parts of the book from which many of the numbers are taken, viz., the Vision of St. John, having already been treated in so masterly a manner by the great German composer, Louis Spohr, in his Oratorio, "The Last Judgment."

The first part of "The Holy City" was suggested by the passages of Scripture, "Here have we no continuing city," "Thy kingdom come," and sets forth the desire for a higher life, as expressed in the words, "My soul is athirst for God," which desire is followed by other passages expressive of the perfection of the higher life, such as "Eye hath not seen."

The second part was suggested by the words, "I saw a new heaven and a new earth, for the first heaven and the first earth were passed away," thus realizing the desire and promises contained in the first part.

With the exception of two hymns, a verse from Milton, and three verses from the Te Deum, the words are entirely scriptural.

PART I.

CONTEMPLATION.

No. 1.—INTRODUCTION (Instrumental).

No. 2.—CHORUS.

No shadows yonder!
All light and song!
Each day I wonder,
And say, "How long
Shall time me sunder
From that dear throng?"

SOLO.—*Tenor*.

No weeping yonder!
All fled away!
While here I wander
Each weary day,
And sigh as I ponder
My long, long stay.

QUARTET (Unaccompanied).

No partings yonder!
Time and space never
Again shall sunder.
Hearts cannot sever:
Dearer and fonder,
Hands clasp for ever.

CHORUS.

None wanting yonder!
Bought by the Lamb,
All gathered under
The ever-green palm;
Loud as night's thunder
Ascends the glad psalm.

Bonar.

No. 4.—TRIO (Unaccompanied).
Soprano, Mezzo-Soprano, and Con-
tralto.

It shall come to pass that at eventide it shall be light. *Zach. xiv. 7.*

And sorrow and sighing shall be no more. *Isa. xxxv. 10.*

For the former things have passed away. *Rev. xxi. 4.*

No. 5.—CHORUS.

They that sow in tears shall reap in joy: he that now goeth weeping shall come again rejoicing.—*Ps. cxxvi 6, 7.*

For God so loved the world that He gave His only begotten Son, that whosoever believeth in Him should not perish, but have everlasting life.

For God sent not His Son into the world to condemn the world; but that the world, through Him, might be saved. *St. John* iii. 16, 17.
Gód is love. *I. John* iv. 8.

No. 8.—CHORUS.

Thine is the kingdom, for ever and ever. *Matt.* vi. 13.

I have looked for Thee that I might behold Thy power and glory.

Ps. lxiii. 3.

PART II.

ADORATION.

No. 9.—INTERMEZZO (Instrumental).

No. 10.—AIR.—*Bass.*

Thus saith the Lord, Behold, I create new heavens and a new earth; and the former shall not be remembered nor come into mind. But be ye glad and rejoice for ever in that which I create: for, behold, I create Jerusalem a rejoicing, and her people a joy.

Isa. lxxv. 17, 18.

And I saw a new heaven and a new earth; for the first heaven and earth were passed away. And I saw the *Holy City*, New Jerusalem.

Rev. xxi. 1, 2.

CHORUS (*at a distance from the Orchestra*).

Holy, holy, holy is the Lord of Hosts.

AIR.—*Bass.*

And I heard a great voice out of heaven saying. Behold the tabernacle of God is with men, and He will dwell with them, and they shall be His people, and God shall be with them, and be their God. And God shall wipe away all tears from their eyes; and there shall no more death, neither sorrow, nor crying, nor any more pain; for the former things are passed away.

Rev. xxi. 3, 4.

CHORUS (*at a distance from the Orchestra*).

Holy, holy, holy is the Lord of Hosts.

AIR.—*Bass.*

I saw also the Lord sitting upon a throne, high and lifted up, and His train filled the temple. Above it stood the Seraphim, and one cried unto another, and said, Holy, holy, holy is the Lord of Hosts. *Isa.* vi. 1, 2, 3.

No. 12 a.—AIR.—*Contralto.*

Then shall the King say, Come, ye blessed of My Father, inherit the kingdom prepared for you from the foundation of the world. *Matt.* xxv. 34.

For it is your father's good pleasure to give you the kingdom. *Luke* xii. 32.

No. 12b.—SEMI-CHORUS

(Unaccompanied.)

The refining pot is for silver, and the furnace for gold: but the Lord tryeth the hearts.

Prov. xvii. 3.

No. 13.—AIR.—*Soprano.*

These are they which came out of great tribulation, and have washed their robes, and made them white in the blood of the Lamb; therefore are they before the throne of God, and serve Him day and night in his temple.

Rev. vii. 14, 15.

And they shall shine as the brightness of the firmament, and as the stars forever and ever. *Dan.* xii. 3.

No. 15.—QUARTET AND CHORUS.

Soprano and Contralto voices.

List! the Cherubic host in thousand choirs,

Touch their immortal harps of golden wires,

With those just spirits who wear victorious psalms

Singing everlastingly devout and holy psalms. *Milton.*

SOLO.—*Bass.*

And I heard the voice of harpers harping with their harps; and they sung as it were a new song before the throne; and no man could learn that song, but they which were redeemed.

Rev. xiv. 2, 3.

No. 16.—CHORUS.

Great and marvelous are Thy works, Lord, God Almighty; just and true are Thy ways, Thou King of Saints.

Rev. xv. 3.

To Thee all angels cry aloud, the Heavens and all the Powers therein. To Thee Cherubim and Seraphim continually do cry, Holy, holy, holy is the Lord of Hosts. *Te Deum.*

Before the mountains were brought forth or the earth and the world were made, Thou art from everlasting.

Ps. xc. 2.

Alleluia! Amen.

Soloist, { MRS. CAROLYN CLARK REED, Soprano.
MISS ETHEL HOUSE, Contralto.
MR. ROBERT B. MOSELEY, Bass.

DISTRICT LINES.

DAMON DISTRICT.

Beginning at the northwesterly corner of the town; thence by the former line between Dedham and Dorchester to Mother Brook; thence by the brook to Neponset River; thence by the river to the Milton line; thence by town boundaries to the point of beginning.

HEMENWAY PRIMARY DISTRICT.

The territory on the south side of the New York and New England R. R., leaving Sprague street optional.

GREW DISTRICT.

Beginning at the northwesterly corner of the town; thence by the former line between Dedham and Dorchester to Mother Brook; thence by the brook to the iron bridge on Hyde Park avenue; thence by the center of Hyde Park avenue to Pine street; thence by Pine street and Maple street, including both sides of said streets, to Fairmount avenue; thence by the center of Fairmount avenue to Davison street; thence by the center of Davison street to Walter street; thence by the center of Walter and Webster streets to the tracks of the Boston and Providence R. R.; thence by the said railroad tracks to West street; thence by the centre of West street to the Boston line; thence by city or town lines to the point of beginning.

GREENWOOD DISTRICT.

Beginning at the Neponset River on Walter street; thence by the center of Walter and Webster streets to the tracks of the Boston and Providence R. R.; thence by the railroad

track to West street ; thence by the center of West street to Boston line ; thence by the city and town lines to the Neponset River ; thence by the river to the point of beginning.

AMOS WEBSTER PRIMARY DISTRICT.

The territory from the New York and New England R. R. to the Boston and Providence R. R.; and from River street on the south to the Greenwood District lines on the north.

BUTLER PRIMARY DISTRICT.

Beginning on Walter street at the Neponset River ; thence on said street, both sides, to River street ; thence on River street, both sides, to Metropolitan avenue ; thence on Metropolitan avenue, both sides, to Westminster street ; thence on Westminster street, both sides, and by an extension thereof, to town line, thence by said line to said river ; thence by said river to the point of beginning.

FAIRMOUNT DISTRICT.

Beginning at the iron bridge on Hyde Park avenue ; thence by the center of Hyde Park avenue to Walnut street ; thence along Walnut street, on both sides, to Fairmount avenue ; thence by the center of Fairmount avenue to Davison street ; thence by the center of Davison street to Walter street ; thence by the center of Walter street to the Neponset River ; thence so running as to include all that portion of Hyde Park easterly by said river.

WELD PRIMARY DISTRICT.

The territory lying southeast of the New York and New England R. R. and northeast of Fairmount avenue, leaving the said avenue optional.

SIXTH ANNUAL REPORT

OF THE

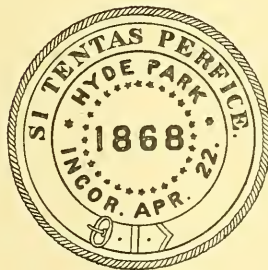

Board of Sewer Commissioners

OF THE

TOWN OF HYDE PARK

FOR THE

YEAR ENDING JANUARY 31, 1902.

EDWARD D. KOLLOCK,
82 DEVONSHIRE ST., BOSTON.

1902.

ORGANIZATION.

DAVID PERKINS, Chairman.

WILLIAM U. FAIRBAIRN.

CHARLES HALEY.

RICHARD M. JOHNSON, Clerk.

A. D. NICKERSON, Engineer.

GEORGE A. KIMBALL, Consulting Engineer.

BOARD OF SEWER COMMISSIONERS REPORT.

TO THE CITIZENS OF HYDE PARK :

Your Board of Sewer Commissioners is pleased to report that they have had the services of the same engineers as in the previous year—Mr. A. D. Nickerson as engineer to the Board, and Mr. George A. Kimball as consulting engineer.

By vote of the town in town meeting of June 22, 1898, a loan of \$100,000 for the construction of sewers was authorized in pursuance with Chapter 287, Acts of 1896. Your Board have to report that they have authorized the Town Treasurer to issue bonds provided for under that Act, sufficient to defray the cost of current construction.

Under the supervision of your Board, there has been expended for the year ending January 31st, 1902, \$22,399.34 as per vouchers on file and exhibited in Table No. 1, annexed to this report. Sewer assessments have been computed, and bills amounting to \$2,648.67 have been duly rendered as each street sewered was available for use.

The value of stock on hand is \$2,459.06, as shown in Table No. 2, annexed to this report. The outstanding liabilities amount to \$3,635.52.

By vote of the town in town meeting of March 28, 1901, your Board was instructed to refund the money collected for superintendence and inspection of house connections. The amount so collected was \$803.44 on 420 connections. Your Board has given this matter their sincere attention; and have to say that they cannot legally

comply with that vote. The town has placed at the disposal of your Board funds for the construction of sewers, but no money was appropriated for house connections. They have therefore instructed their engineer to charge the various house connections for the time he finds necessary to devote to them. Under the present perfected system of making these connections the charge for superintendence and inspection is very small.

In the beginning of making house connections this Board purchased in car-load lots, and sold again at cost, the pipe used in these connections. Money thus obtained, together with that received from superintendence and inspection, and sales of other material, were placed at interest. This money has since been drawn upon to defray the expenses of your Board as exhibited in this report, under "Receipts and Expenditures."

Your Board reports in its sixth annual report the construction of 4,197 feet of sewers. The details of that construction are exhibited in the following table :

SEWERS CONSTRUCTED IN 1901.

SEC.	STREET	FROM	TO	SIZE.	L'gth ft.	Av. d'pth ft.
8	Private land	Hyde Park Ave.	New Damon St.	{ 24 in. 20 in.	983	13

9	Hyde Park Ave. Readville	{ under construction	completed	{ 20 in. 10 in.	713	13
					4197 feet	
					equals	0.79 miles
Previously reported,					15.15	"
Total construction to date,					15.94	miles

The first part of the year was devoted to putting in house connections and continuing the work on sewer assessment plans.

At the request of the abuttor, a sewer was constructed in Station street, west of Fairmount avenue, and the tenement houses on that street connected. The expense of this work was borne by the abuttor. An application was received from the N. Y., N. H. & H. R. R. for permission to connect by means of a 10-inch sewer, their new car shops at Readville. This work was done by the railroad company under inspection by the Engineer of this Board. Reference was made to this work in the last annual report.

The making of sewer assessment record plans, authorized by the Board in 1900, was continued until June, when work on them was suspended, to make preparations for sewer construction in the vicinity of Damon street, Readville. The usefulness of these plans should not be lost sight of, but work on them should be continued until they are completed.

In June, the B. F. Sturtevant Co. petitioned for sewers in New Damon and Waterloo streets and the Board voted to build them. This work involved the construction of a portion of the trunk sewer for the Pinehurst district. It commences at a point in Hyde Park avenue opposite the curled hair factory, crosses land of the Glover and Willcomb Co., the Providence Division of the N. Y., N. H. & H. R. R., and lands belonging to the B. F. Sturtevant Co. It was necessary, in order to sewer Waterloo street, to cross other land of the B. F. Sturtevant Co. and park lands of the Commonwealth. To secure the necessary easements, permits and agreements required lengthy negotiations. An easement was granted by George Willcomb for \$248. An agreement was effected with the railroad company by which the town pays the cost of supporting the tracks where the sewer was constructed. The B. F. Sturtevant Co. granted the necessary easements for a nominal consideration. A

permit from the Metropolitan Park Commission was obtained without cost to the town. After due advertisement bids for constructing these sewers were received and the contract awarded to John Cavanagh & Co., the lowest bidder, for \$8,755.95. Work was completed in January, 1902, the contract actually figuring \$7,171.11. Large quantities of ground water necessitated the constant use of steam pumps on this work, and at one time work on New Damon street had to be suspended as the water was more than the pump could handle. Six wells in this vicinity were drained, and settlements were made with the owners by furnishing water connections and payment of water rates to April 1, 1902. An interesting feature on this work was the tunnel about two hundred feet long beneath the Boston and Providence Railroad. The main sewer line for its whole length was strongly reinforced with concrete masonry. At the time of this report twelve connections, serving seventeen tenements, have been made.

On June 11, a communication was received from the Metropolitan Park Commission, asking that sewers be laid in Easton avenue, and the streets on "Mill Island," so-called, to the end that the banks of the Neponset River in that vicinity might be improved in connection with the work of that Commission. Inquiry by this Board developed the fact that the Park Commission intends to make this improvement as soon as sewers have been laid and connections made therewith. Surveys and studies were made for sewers as above, but objections to the sewers being filed by the owner of the property on Mill Island, it was decided to build only in Easton avenue.

Petitions for sewers in Webster street and Harvard avenue, Hyde Park avenue, Readville, and East River street in the Rugby district, were also received. These

petitions received the consideration of the Board, and after investigation, they were ordered built. Bids were called for, and the contracts awarded October 30, to the H. A. Hanscom Company of Boston, the lowest bidder.

The sewers in Webster street and Harvard avenue have been completed, and two connections made therewith. The sewer in Hyde Park avenue, Readville, is well under way. A Carson trench machine is used to facilitate the work. A petition to extend this sewer into Wolcott street is under consideration by the Board. A sewer in Easton avenue necessitated a crossing of the Neponset River at Bridge street. This has been successfully accomplished. Twelve-inch and sixteen-inch heavy iron pipe was used in this crossing, the remainder of the sewer being of fifteen-inch vitrified pipe. The sewer in East River street will be commenced in the spring, and its completion hastened to furnish drainage for the new schoolhouse in that district.

In the last annual report, attention was called to the several streets in which it was apparent that sewers were needed. The current construction, as described in this report, includes most of these streets, but there still remain other streets which should soon be sewerred.

All contracts for sewer pipe have been placed with W. H. Harlow, the local dealer. His price was as low as any obtained, and his facilities for storing and delivering pipe, as needed on the trench, were especially satisfactory. Twenty-five sets of manhole castings, with ten extra covers, were purchased of the Sessions Foundry Company of Bristol, Ct., at \$1.55 per one hundred pounds uncoated. Six lengths of twelve-inch heavy iron pipe used in the river crossing were bought of F. A. Houdlette & Son, at \$1.30 per one hundred pounds. These two firms were lowest of several bidders.

The pipe yard on Factory street has been given up, and a quantity of damaged pipe, accumulated during several years of sewer construction, has been moved to the pipe yard on Pierce street; much of this damaged pipe is of large size and can be safely used for surface drains.

In September a general examination of the whole sewer system was made, and partial stoppages were found in several places. Previously it has been the custom of this department to flush sewers in use twice a year. This was deemed unnecessary by the Board and an experiment tried. No flushing was done for about a year and a half. The result was a forced conclusion that semi-annual flushing is as yet a necessity. Hence, in October, a complete flushing was made at a cost of about \$30. In many towns this has to be done monthly.

At the request of this department, branches have been set in the High Level Sewer, for the future use of the town, at Ralston Road in the Rugby district, and near Stony Brook crossing in Clarendon Hills. At the latter place a twenty-foot right-of-way over land of the Commonwealth was granted the town without charge therefor.

Conferences with representatives of the American Surety Co. have been held, looking to a settlement of the claim against them as sureties for the Boston Construction Co., as noted in the last annual report. A satisfactory agreement has not been reached, and a suit may yet be entered against the Surety Co.

There is a suit pending against the town, and contractors, John Cavanagh & Co., jointly, for an accident to Thomas Rooney, who fell into a sewer excavation on what was formerly Damon street. The town is protected in this case by the contractor.

Tabular statements are submitted herewith showing value of stock on hand, cost of construction by quantities and amounts and sewers constructed during the year.

HOUSE CONNECTIONS.

Ninety-six house connections, aggregating 4,423 feet in length have been made the past year. The total number made is 516; total length, 25,822 feet. The estimated number of persons using the sewers is about 4,200. All work has been done under supervision by the board as heretofore at an average cost of sixty cents per lineal foot. During the year the Rules and Regulations were thoroughly revised to conform to the local conditions. Bids were advertised for for doing the work under a bond for \$5,000. No bids being received, the work has been continued under the former conditions. No stoppage in house connections has been reported during the year.

It is to be noted that the citizens are not availing themselves of the use of the sewers as promptly as good public sanitation demands.

Respectfully submitted,

DAVID PERKINS,
WM. U. FAIRBAIRN,
CHARLES HALEY,

Board of Sewer Commissioners of the Town of Hyde Park.

February 1, 1902.

CHARLES LEWIS,
 GEORGE W. CHAPMAN,
 GEORGE E. HAVEN,

Overseers of the Poor.

REPORT OF THE BOARD OF HEALTH.

TO THE CITIZENS OF HYDE PARK:

We have the honor to offer the following report for the year ending January 31, 1902:—

CONTAGIOUS DISEASES.

The whole number of contagious diseases for the past year was 147, a slight increase over that of last year, while the death rate has remained practically the same, and were divided as follows:

Scarlet Fever,	23 cases,	2 deaths.
Diphtheria,	97 “	7 “
Measles,	10 “	0 “
Typhoid Fever,	8 “	3 “
Smallpox,	7 “	1 “
Membraneous Croup,	2 “	0 “

It is believed that if the Board was notified of all cases of contagious diseases, no matter how light, and the usual precautions in the light as in the severe cases, where a physician is employed, the number of cases would be materially lessened; and we would request that the people of the town co-operate with us in this matter, in order that contagious diseases may be better controlled.

The town has been unfortunate enough to have smallpox break out among its inhabitants, and, up to the present time, we have had one or more cases on our hands continuously since November 16 of last year; fortunately the spreading of the disease has been prevented in every case, and, were it not for infection from outside the town, we would have had no cases outside the house in which it first appeared.

The cases have all been attended by Dr. W. S. Everett, long a member of this Board, who volunteered his services to the Board after several unsuccessful attempts to procure medical attendance had been made; and we have only to point to the results to prove that the town was extremely fortunate to have had his services, and their value cannot be overestimated.

Free vaccination was furnished to all who wished, and nearly three thousand persons took advantage of the opportunity. A complete record of the vaccinations has been kept, which will prove of value in the future.

We were fortunate in the first case to be able to hire the house in which the disease first appeared, and had hoped that the disease would not appear elsewhere, but unfortunately the disease made its appearance in another quarter and under such conditions that it became necessary to secure some place for a smallpox hospital.

A building was built on land near Wood avenue which has served our purposes admirably, and although rough and hastily constructed, still it is warm and dry, and very favorably situated for the purposes for which it was intended.

We have several complaints regarding the building used for the purpose of storing swill collected, and we shall be obliged to change the method of collection. We have already taken steps in that direction by having a wagon built to take the place of one that was worn beyond repair, and the garbage collected, instead of being dumped into a tank at the swill house, is put in large metal barrels when collected and not removed from them until they reach the farmer who buys it for feeding pigs, thereby preventing all nuisance that formerly may have been caused by this work. In order to complete this arrangement another wagon will

have to be bought with the necessary equipment of barrels.

The collection of ashes and rubbish has been carried on during the past year with the usual satisfactory results.

The total number of loads collected was 3,619, and the number each month was as follows :

February, 330. March, 318. April, 330. May, 334. June, 270. July, 250. August, 234. September, 189. October, 274. November, 279. December 355. January, 448.

The number of connections with the sewer has not been as large as we had hoped, and the Board earnestly recommend that all persons having property on streets in which there is a sewer, should drain the same into the sewer as soon as possible, and that all schoolhouses, as far as possible, should be connected without delay.

All persons making complaint to the Board are requested to make the same in writing over their own signature, and address the same to this office.

We once more call your attention to the fact that this department has a large amount of valuable property, consisting of horses, wagons, harnesses, etc., which we are forced to keep in various places in the town.

The necessary change in the method of swill collection makes it all the more necessary that we should be provided with proper stable and storage accommodations.

REGULATIONS OF THE BOARD OF HEALTH OF THE TOWN OF HYDE PARK.

PUBLIC STATUTES: CHAPTER 80, SECTION 18.—The Board of Health of a town shall make such regulations as it judges necessary for the public health and safety, respecting nuisances, sources of filth, and causes of sickness within its town. Whoever violates any such regulation shall forfeit a sum not exceeding one hundred dollars.

In accordance with the foregoing provisions of law, this Board makes the following regulations, which will be strictly enforced :

REGULATION 1. *Privy Vaults and Drains.* Section 1. Every tenement shall be provided with a water-tight underground drain to carry off the waste waters, also with a suitable privy or water-closet sufficient for the accommodation of all those inhabiting the premises.

Section II. All privy vaults, unless water-tight, shall be so constructed that the inside of the same shall be at least five feet distant from the line of any adjoining lot or street, and at least twenty feet from any dwelling house, and shall be provided with a ventilation through the roof. The same shall not be used as cesspools nor receive drainage from the premises. The contents shall not be allowed to leak out or otherwise become offensive. All privy vaults shall be of a size sufficient to satisfy the Board of Health.

Section III. All waste water shall be conveyed through sufficient drains under ground to a cesspool sunk underground, which shall be of sufficient size to contain at least 80 cubic feet, and when not water tight must be at least twenty feet from the cellar wall of any tenement or dwelling, and at least five feet distant from any adjoining lot or street. Cesspools shall be built in a thorough and substantial manner, as shall be approved by the Board of Health.

Section IV. No person shall allow any drain or the overflow of any cesspool to enter any running stream, or any drain constructed for surface water, and no person shall suffer any house drainage or other offensive matter to remain in any cellar, or upon any lot or vacant ground by such person owned or occupied. All privy vaults and cesspools within one hundred and fifty feet of any well or spring, the water of which is used for domestic purposes, must be water-tight.

Section V. All privy vaults or cesspools must be thoroughly cleaned at least once in each year, and oftener, if necessary for the public health, the expense to be borne by the owner of the property.

REGULATION 2. Section I. The Board, when satisfied upon due examination that a cellar, room, tenement or building in the town occupied as a dwelling place, has become by reason of the number of occupants, want of cleanliness, or other cause, unfit for such purpose, and a cause of nuisance or sickness to the occupants or to the public, may issue a notice in writing to such occupants, requiring the premises to be put in proper condition, or if the Board see fit they may require the same to be vacated, and the same shall not be again occupied without the written permission of the Board.

Section II. No person shall throw or put into any public place or pond, or running stream or body of water, or in any other place where the Board of Health may deem it a nuisance, any dead animal, animal

matter, decayed fruit or vegetables, dirt or rubbish whatever; nor shall any person throw into or upon any flats within the jurisdiction of the town, any dead animals, filth or offensive matter.

REGULATION 3. *Swill and Offal*. Section I. No person shall remove or carry in or through any of the streets, lanes or avenues, places or alleys within the town of Hyde Park, the contents of any cesspool, vault or privy well, swill or house offal (either animal or vegetable), or grease or bones, unless a permit be granted by the Board of Health upon such terms and conditions as said Board may deem necessary.

Section II. No person shall bury swill or house offal, or the contents of any cesspool, vault, privy or privy well within the limits of the town of Hyde Park, unless a permit be granted by the Board of Health.

Section III. Parties will be licensed by the Board of Health to collect swill and refuse matter from houses in Hyde Park twice a week or oftener, and all housekeepers and others are directed to deliver the same to those duly authorized to make such collections.

REGULATION 4. *Diseased Meat and Provisions*. Section I. No person shall bring into the town, keep or offer for sale any diseased, putrid, stale or unwholesome meat, vegetables or provisions.

REGULATION 5. *Swine*. Section I. No person will be permitted to keep any swine within the limits of the town of Hyde Park, without a written permit from the Board of Health.

REGULATION 6. *Contagious Diseases*. Section 1. Any person sick with the smallpox or other contagious disease, together with all persons in attendance upon them, and the premises where such sick person is, will be subject to the control of the Board, and no person shall enter or leave a house wherein a person is, or has been sick with the disease, or in any way come in contact with the inmates of such house except by permission of the Board.

Section II. Whenever the Board of Health shall ascertain that any person is sick with smallpox, scarlet fever, diphtheria, or any other disease dangerous to the public health, the Board shall, at their discretion, have full control of said person or premises, and shall, if they deem proper, order the premises vacated.

Section III. All persons are warned not to approach a house or the surrounding premises whereupon is displayed a disease flag by day or a red light at night.

Section IV. The bodies of all persons dying of smallpox, scarlet fever, typhus fever or diphtheria, must be immediately disinfected and placed in a tight coffin, which shall not be reopened, and the bed, bed clothing, and other clothing used by any such person, and by those in attendance upon him, and all the furnishings of the sick room, thoroughly disinfected before being taken from the room. In the above case

no public funeral will be allowed without permission from the Board of Health.

Section V. The owner or person having charge of any vehicle, public or private, used at a funeral in the foregoing cases, to carry the deceased, shall forthwith report the fact to the Board of Health, and shall thoroughly disinfect such vehicle before the same is again used, and take such precaution as the Board of Health shall direct.

Section VI. Any person in the Town of Hyde Park, who knows or suspects any domestic animal has contagious disease (such as glanders in horses or cholera in swine), must immediately report the same to the Board of Health. The penalty for neglect to do so is fine or imprisonment. The above is in accordance with the provisions of Chapter 252 of the Acts of 1887.

REGULATION 7. Section I. All complaints in relation to nuisances and sources of filth injurious to the public health and safety, must be made in writing to the Board of Health, with a description of said nuisance and of the premises on which it exists, with the owner's name, if known to the complainant. Such complaints must bear the signature of the complainant. Whenever such complaint shall be made as aforesaid, the Board of Health shall proceed to examine the premises complained of, and will take measures to abate the nuisance if such is found to exist.

REGULATION 8. Section I. No person, firm or corporation not now engaged in or working at the business of plumbing shall hereafter engage in or work at said business in the town of Hyde Park, either as a master or employing plumber or as a journeyman plumber, unless such person, firm or corporation first receives a license therefor, in accordance with the provisions of Chapter 477 of the Acts of the year 1893 of the Commonwealth of Massachusetts and Acts amendatory thereof, or supplementary thereto.

Section II. Any person desiring to engage in or work at the business of plumbing, either as a master or employing plumber, or as a journeyman plumber, shall apply to the Board of Health, and shall at such time and place as may be designated by the Board of Examiners appointed by the Board of Health, as provided for in said Acts, to whom such application shall be referred, be examined as to his qualification for such business. In the case of a firm or corporation the examination and licensing of any one member of the firm, or the manager of the corporation, shall satisfy the requirements of this regulation.

Section III. The Board of Examiners shall examine said applicants as to their practical knowledge of plumbing, house drainage and plumbing ventilation, and if satisfied of the competency of the applicant, shall so certify to the Board of Health. Said Board will thereupon issue a license

to such applicant, authorizing him to engage in or work at the business of plumbing. The fees for a license for a master or employing plumber shall be two dollars; for a journeyman plumber it shall be fifty cents. Said license shall be issued annually, expiring on the thirty-first day of May next ensuing, and shall be conditional on skilful work and a strict observance of the rules governing plumbing.

Section IV. No person shall carry on the business of plumbing unless he shall have first registered his name and place of business in the office of the Board of Health; and notice of any change in the place of business of a registered plumber shall be immediately given to said Board.

Section V. No person shall proceed to construct, add to or alter any portion of the drainage system (except to repair leaks) of any building in the town of Hyde Park, until plans showing in detail the whole drainage system shall have been filed at the office of the Board of Health, upon blanks in such form as the Board may determine; no person shall commence work on such drainage system until the plans are accepted by the Inspector of Plumbing and a permit of approval granted. Plans and specifications shall be approved or rejected within five days of the time of filing.

Rules and regulations for material, construction, etc., may be found in the town by-laws.

REGULATION 9. The Board of Health hereby adjudges that the deposit of sputum in street cars, public buildings, or churches is a public nuisance, source of filth and cause of sickness, and hereby orders: That spitting upon any floor of any street car, public building or church be, and hereby is, prohibited.

REGULATION 10. No privy, vault or cesspool shall be established either upon premises situated upon a public or private street, court or passageway where there is a public sewer opposite thereto, or upon premises connected with a public or private sewer, without permission in writing first being obtained from the Board of Health of this town. And whenever there is a privy-vault or cesspool so situated, which in the opinion of the Board of Health of this town is injurious to the public health, said Board of Health shall declare same to be a nuisance and forbid its continuance.

REGULATION 11. After the first clearing up of ashes, beginning May 1, all rubbish, ashes, etc., to be removed by town carts are to be placed in receptacles not larger than an ordinary flour barrel, and in places easily accessible to the collector. Vault filth, offal, bricks and mortar, gravel and garden shrubbery are not included in the above, and will not be removed by the town.

The foregoing rules and regulations were made under the Revised Statutes and are similar to those of other towns in the state; and a careful observance of the same will do much to prevent contagious disease within the town. Respectfully submitted,

WILLIAM W. SCOTT, Chairman,
 WILLARD S. EVERETT, M. D., Sec.,
 CHARLES F. STACK, M. D.,
 Board of Health.

*To William W. Scott, Chairman and Members of the
 Board of Health, Hyde Park, Mass.*

Gentlemen—I herewith submit my fifth annual report as Inspector of Plumbing.

There have been filed at this office 165 applications to do plumbing. The fixtures used in these buildings were as follows: Water closets, 198; bath tubs, 76; wash bowls, 68; sinks, 124; wash trays, 52.

The desire of the master plumbers to follow strictly all rules and by-laws regarding plumbing is very apparent, as there have been but very few violations of the same, and all have been cheerfully rectified, when brought to their attention.

Respectfully submitted,

CALEB T. LOVELL,
 Inspector.

AUDITORS' REPORT.

In compliance with the by-laws of the town, we have examined the accounts of the Selectmen, Treasurer, Tax Collector, School Committee, Board of Health, Sewer Commissioners and Cemetery Commissioners, and find them to be correct, every payment being properly vouched for.

We have also examined the accounts of our former Tax Collector, which are being closed as rapidly as possible, and find them also to be correct.

During the year, an official of the town has prepared the sewer assessment book, in which are copied all sewer assessments included in the twenty-nine warrants issued by the Sewer Commissioners, and in which all future warrants will be copied. In this manner have the best interests of the town been served, and an embarrassment between two departments of the town relieved.

We call your attention to the fact that the Sewer Commissioners and the Board of Health have, independently from their annual appropriation, a revenue or fund of their own. This fund is derived from the sewer inspection fees on the part of the Commissioners, and from the sale of offal on the part of the Board of Health, and is applied and used by each board to the regular expenses of their departments, a record of the receipts and expenditures of these moneys being correctly kept by each board.

It seems to us that any revenue received by any department of the town, (outside, of course, of its regular

appropriation) becomes the revenue of the town, and should be turned over to the Treasurer, and not used by the department that collects it.

Should the work of any department, thus deprived of its outside revenue, become hampered or limited, relief can be found by the granting of a larger appropriation. The best interests of the town demand that this be done.

We furthermore call your attention to the vote of the town, passed at the appropriation meeting of March 28th, 1901, whereat it was voted "that all sums of money that have been paid to the Board of Sewer Commissioners, by parties making connections with local sewerages to date, the charge for which was made and collected under the item of superintendence, etc., be, and the Board of Sewer Commissioners are hereby instructed to refund to the aforesaid parties, the several amounts paid by them."

An examination of the books of the Sewer Commission shows that this vote has been disregarded, and the fund which was collected under the above item, has been used and expended in the regular work of the department.

Respectfully submitted,

FRED C. STONE,	}	Auditors of the Town of Hyde Park, Mass.
FRANK C. TITCOMB,		
WILLIAM J. DOWNEY,		

Hyde Park, Mass., Feb. 20th, 1902.
